<b><u>Vote Required?</u></b> No Vote	<b><u>General Fund Impact?</u></b> No General Fund Impact
---	--

**RECOMMENDATION**

Receive a presentation from the Shasta County Health Officer regarding alcohol and other drug services funding, legislation, and service numbers.

**DISCUSSION**

In 2020 Shasta County HHSA opted into a regional drug Medi-Cal organized delivery system (DMC-ODS) approach to services, which provides a continuum of care to eligible Medi-Cal beneficiaries with a Substance Use Disorder (SUD) need. This method is modeled after the American Society of Addiction Medicine (ASAM) criteria for SUD treatment services. Shasta County participates in the regional model along with 6 other counties, which expands services to our rural area and enables clients to have access to the full spectrum of service needs.

In addition to the regional model, Shasta County provides other programs and services to our beneficiaries, such as the Women’s Recovery and Resiliency Program, Collaborative Court Programs, Recovery Coaches, a peer support substance use model, as well as clients in Probation to be connected to appropriate services.

**ALTERNATIVES**

The Board may request additional information, choose to not receive the report, or defer to receive the report at later date. The report was by request of the Board, there are no other alternatives.

**OTHER AGENCY INVOLVEMENT**

Shasta County HHSA contracts with Partnership Health Plan of California to provide administrative support, coordination of care and claim tracking for the Drug Medi-Cal regional model.

**FISCAL IMPACT**

There is no General Fund impact associated with receiving the presentation and report.
